

**PLAY ON**  
TRAINING

***... ALWAYS PLAY ON.***

INDY PREMIER has proudly partnered with PLAY ON TRAINING to bring you a game-changing program that will mentally prepare your young athlete to effectively overcome game time anxiety, so they can focus on their performance with confidence. Your athlete will learn real-world techniques from an expert mental health coach who has helped many pro athletes train their psyche to significantly enhance their performance on and off the field. You benefit from the development of a common language with your athlete that helps promote “mental toughness” in an actionable way that is also highly supportive and constructive.

INDY PREMIER believes in the win-win-win PLAY ON TRAINING can represent for us as coaches, parents and most importantly the player themselves. As a bonus INDY PREMIER would receive a 25% commission on all sales to benefit our players directly.

To join the program, go to the PLAY ON TRAINING website ([www.alwaysplayon.com](http://www.alwaysplayon.com)), click Join Now and enroll for our discounted rate of \$90 (retail \$120) for one year. Every coach will tell you mental toughness affects performance; PLAY ON TRAINING is a way for us to TEACH this to your child.
